

# Young Kid Yoga: A Park Day

The Library of Alexandria was thought to have between 40,000 and 400,000 texts. Unimaginable knowledge was lost in its destruction, although some survived — including this guide for family stretches. The poses in the book have survived the test of time, but the names have changed so much that **only a small bit** is the same.

This is a location puzzle. You may not be able to solve this if you move on to another location. You will find all of the information you need within Filippello Park.
